

English 305: Technical Writing

Want to excel in your professional writing skills?

Whether you're majoring in a **technical, scientific, or professional field**, you'll be using technical writing skills throughout your career. English 305 will help prepare you.

In this course, you will:

- Compose **professional documents**, such as emails and operating procedures
- Practice **accurate, concise communication**
- Hone your **project management** skills
- Develop **creative thinking skills**
- Explain **technical topics** to interested outsiders
- Design **user-friendly documents**

English 305 fulfills a Professional Writing and Editing minor & concentration requirement. English 101 and 102 (or English 103) are prerequisites for the course.
